

EDGE BOARDS

CARDBOARD CORNER PROTECTION

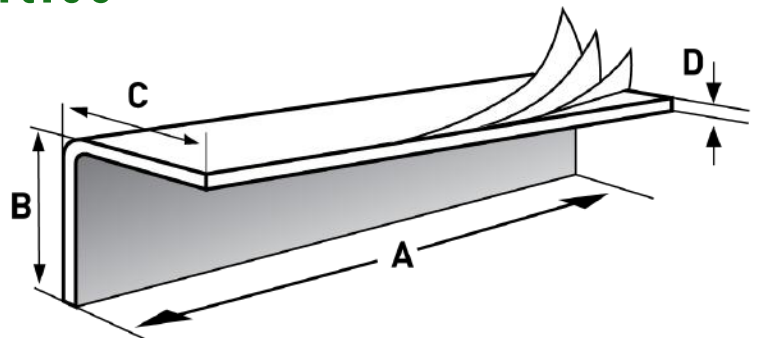

Cardboard edge protectos of personalised sizes and resistance

Manufacturing possibilities

- A** Length: as per client requirements (up to 6600mm)
- B,C** Sides: from 33 to 95 mm (even or uneven)
- D** Thickness: from 2.5 to 7 mm

Paper: exterior kraft white or natural brown, insides of resistant cartonboard

Print: flexo up to 4 colours. Possibility of adding logos and other prints

Special finishings

Edge boards can be manufactured with special finishings to create uneven sides, to make adhesive edge boards, flat carton boards, or to shape them in "U" shap. Finishings can include antihumidity, anti static or anti abrasion layers.
